

Surge Protector NVS-005VD

Features

- Surge protection device for video transmission via coaxial cable and data transmission via twisted-pair
- No power supply needed

Specifications	Description
Max. Surge Protection Time	100 ns
Protection Level	4 kV
Surge Life	300 surges of 100 A/s
Normal Resistance	10 000 MOhm
Surge Resistance	Approx. 0 Ohm
Bandwidth	0 ~ 10 MHz
Insertion Loss	< 0.2 dB
Connector	Screw terminal & BNC
Operating Temperature	0° ~ 55°C
Dimensions (mm)	87 (L) x 67 (W) x 27 (H)
Weight	140 g
Cable Type	Coaxial (video) & CAT 5 UTP (data)
